The idea for The Pleasant Hill Children's Academy grew from the issue that not all four year olds will be able to attend the Pre-K programs in the area schools. Our new facility at Pleasant Hill offers a well-planned children's department and we would like to offer our new building not only for Sunday school, but also for a Pre-K learning center.

Our mission of the academy is to provide loving care while fostering each child's intellectual, social, and moral development in an academically and spiritually rich environment. We will be following guidelines of the Alabama School Readiness Program while incorporating Bible stories and songs. We want the Pleasant Hill Children's Academy to be a happy, social environment so that learning readily takes place.

We will be opening September 3, 2018
